Arcadian

Foreword

The theme of the '53 ARCADIAN is the Apache, the AHS symbol. In reading this book you will notice that the campus is often referred to as the Apache reservation, and various other similes are made between high-school and Indian life. Our little Indian is yet young and has had little time to build tradition. He is just setting forth to establish his personality, and it is our part to help him develop an interesting one. The real purpose of the book, of course, is to portray campus life during the past year. We hope you enjoy having this '53 ARCADIAN as much as we on the annual staff enjoyed assembling the book.

Don't
I want you to
to wish in all the
to come to the
years to summer
during the summer
loads of love
G

Dedication

The five members of the first Board of Education for the Arcadia Unified School District were elected by the citizens of Arcadia to originate and approve plans for the new district. Positions on the board are wageless, and are held by people working entirely for the benefit of the community. The formation of a new high school along with the school housing problem created by the rapid growth of our community have necessitated many long hours of work for these public-spirited citizens.

The students of Arcadia High School owe these people a great deal of gratitude, and in appreciation of their efforts in our behalf, this '53 ARCADIAN is dedicated to the members of the School Board of Arcadia Unified School District.

Administration

MR. CHARLES E. WALLACE
Principal

His first year in the Arcadia City School System, Mr. Wallace has met the challenge of complete organization of a new school — both scholastic and extra-curricular activities. Arcadia High students feel very fortunate in having a man of his abilities as their chief.

*Best of Luck
C. E. Wallace*

Otto Roemmich

MR. OTTO ROEMMICH,
Vice-Principal

The work of the vice-principal brings Mr. Roemmich in close association with the students. Faculty advisor to the student council, Mr. Roemmich has guided Apache affairs throughout the year.

Jack Butler

MR. JACK BUTLER,
Dean of Boys

The boys of Arcadia High have as their special counselor, Mr. Butler. It is to him they are privileged to bring their individual problems. His background of training and experience make his guidance valuable.

MRS. RUTH CALVERT,
Dean of Girls

In the one year Mrs. Calvert has had the opportunity of becoming acquainted with the Apaches, she has made many friends. As girls' counselor and Girls' League advisor, she has shown a genuine interest in student affairs.

Mrs. Richards

Mrs. Bishop

SECRETARIAL STAFF

Assisting the administration are efficient secretaries Mrs. Richards, Mrs. Bishop, and Mrs. Puett. Their friendliness and helpfulness have also been appreciated by the students.

Mrs. Puett

DR. NORVELL R. DICE

We take pleasure in saluting Dr. Dice, the Superintendent of the Arcadia Unified School District. During his four years of residence in Arcadia, he has made many friends and earned the reputation of being an able administrator.

*Best of Luck!!
Nathan McCrea*

MR. NATHAN McCREA,
Supervisor of Attendance

A familiar face in the office is that of Mr. McCrea, supervisor of attendance. His chief concern is the welfare of the students, with whom he is closely associated.

THE BOARD OF EDUCATION

These people have the overall responsibility for the Arcadia Schools. Each member is admirably qualified and has contributed his part in making this an outstanding board of education.

Mr. George D. Nickel, President, Mrs. John T. Simpson, Dr. William W. Heidenreich, Mr. John L. Nourse, Mr. Oliver S. Northcote.

ENGLISH:

Mr. John Waterhouse, Miss Catherine Learned, Mrs. Marie Carroll, Mrs. Mary Robertson, Miss Marcelline Barry.

LANGUAGES:

Mrs. Brigitte Doeppner, Mrs. Marion Bianchi, Miss Mary L. Bolton.

Faculty

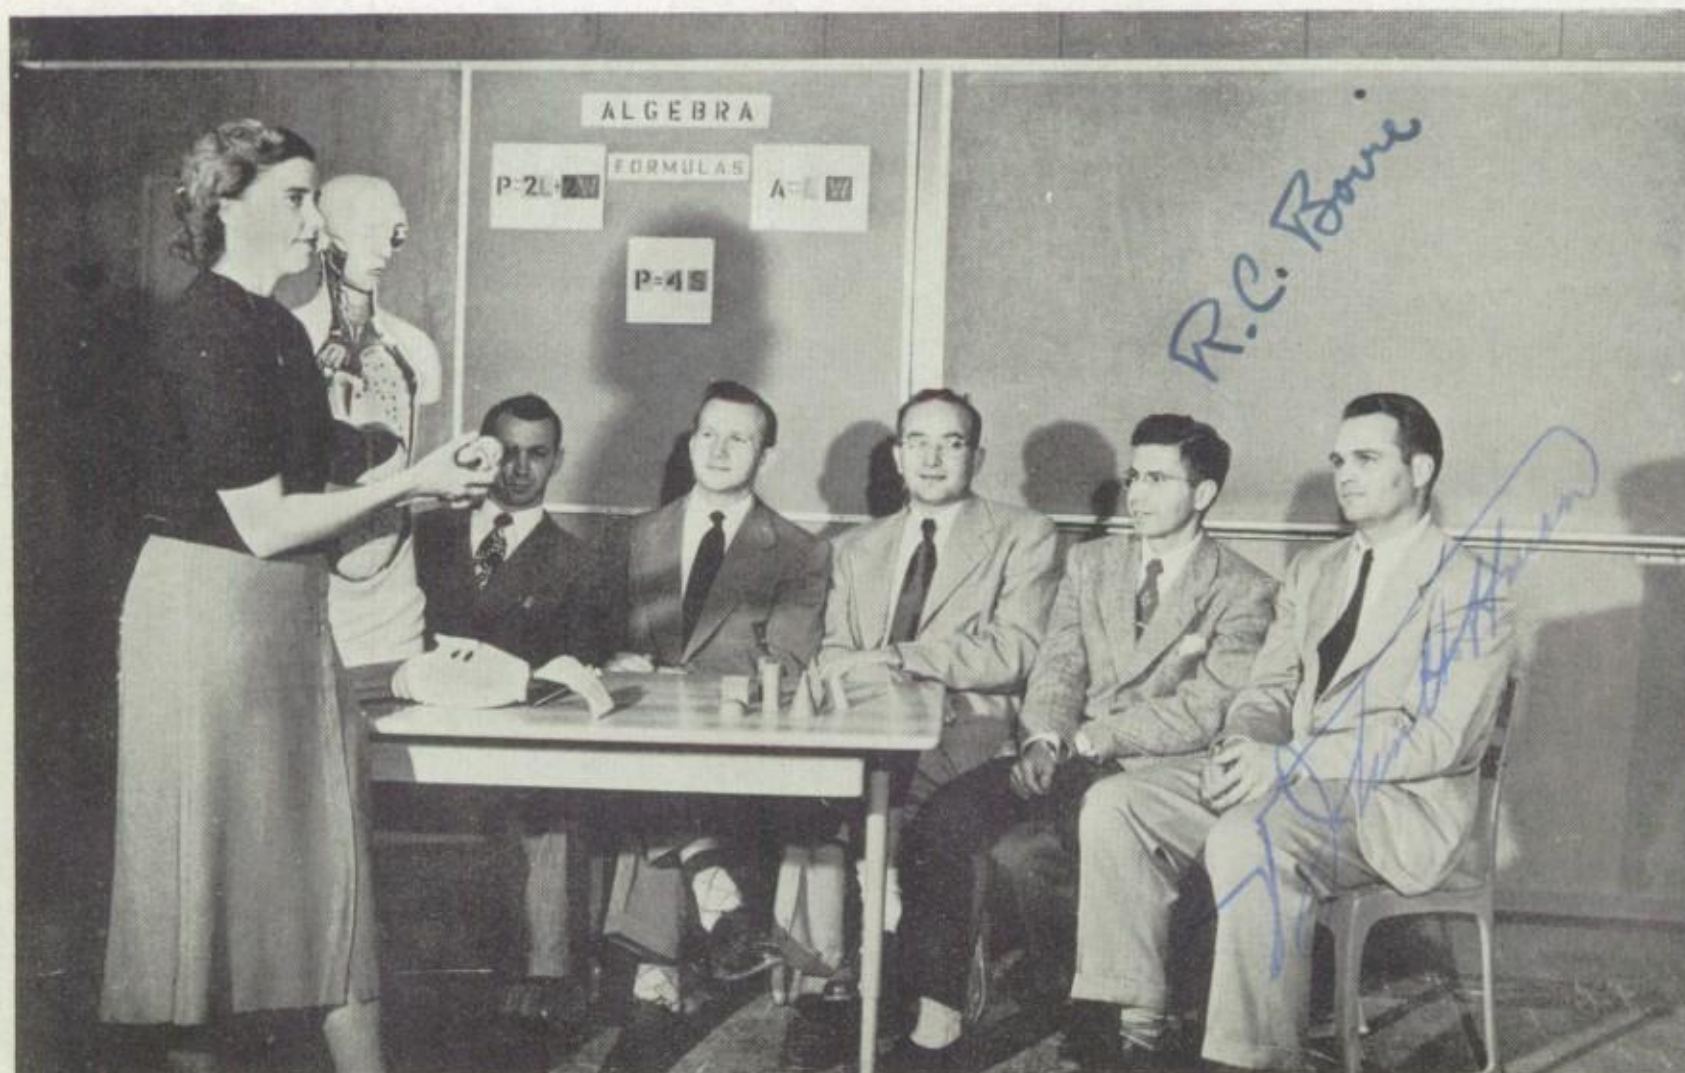

Also new this year are many members of the faculty, and still more will be added before our school gains its full size as a four year institution. Above and beyond their regular teaching duties, members of the faculty shoulder responsibilities for organizing student clubs and activities, tasks which are especially heavy this year since everything was started from nothing. Many hours were spent after school with or for the Apaches, plus regular attendance at faculty meetings and service on faculty committees. Few students realize how much the faculty is doing for Apache welfare.

MUSIC:

Mr. Francis Boyer, Mr. Frank Largent, Mr. James Neumeister

MATHEMATICS AND SCIENCE:

Mrs. Carol Carlson, Mr. Robert Jackson, Mr. Sylvester Patrick, Mr. Robert Hodel, Mr. Russell Bovie, Mr. John Hoffman.

HOWARD ELDREDGE,
Student Body President

In the role of chief Apache, Howard has proved himself competent in handling student affairs. He has made a "heap-good" representative of AHS during this past year.

MIKE CORY,
Student Body Vice-President:

Mike was a good choice for veep of the student body. His enthusiasm and ability to work have greatly benefited the Apache reservation.

VIRGINIA KENDALL,
Student Body Secretary

Throughout her years in school, Virginia has had the reputation of being a dependable worker. She has fulfilled the duties of her office with her usual efficiency.

BURTON PIERCE,
Student Body Treasurer:

Faced with the problem of obtaining wampum for the student body funds, Burton has had a busy year on the Student Council. We congratulate him on doing his job well.

LOREN BROADHEAD,
Historian

Loren acts as tribe recorder, keeping a scrapbook of the year's happenings at AHS. It will be interesting, in later years, to review these "pioneer days".

DIANE BARTHOLOMEW,
Commissioner of Grounds

"Keep-um Kampus Kleen" Bartholomew has been hard at work, continually sponsoring campus clean up campaigns. It is her job to see that the reservation is always in good order, and we see that her efforts have had effect on the Apaches.

THE STUDENT COUNCIL

These Apaches are the student government of AHS. They meet every day to wrangle over the problems always arising in our new high school. It is by their decisions that the school abides.

Organizations

Art Club

The Art Club is for Apaches who are handy with brush and palette. They have been working on several projects, one of which was decorating the display windows, adding to the appearance of the reservation, and another was designing book covers for use on school books. Interesting field trips taken during the year were to the Art Center School and the Scholastic Art Exhibit.

OFFICERS:

Karen Jensen, President
Sue Galliher, Vice-President
Ann Carico, Secretary
Virginia Mann, Treasurer
Patty Slough, Historian

Los Dormilones

The AHS Spanish Club has been established for the promotion and understanding of Spanish language and culture, and for world friendship. The Los Dormilones (The Sleepyheads) are not so lazy as their name implies. They have taken interesting field trips and completed various worthwhile projects. They enjoyed themselves at Olivera Street, when they took a day off for some fun.

OFFICERS:

Margeta Eklund, President
Phyllis Reibold, Secretary
Judy Aiken, Vice-President
Noreen Langsner, Treasurer

Engineering Club

OFFICERS:

Terry Mills, President
Don Giger, Vice-President
John Portune, Secretary
Fred Unger, Treasurer
David Nissen, Parliamentarian

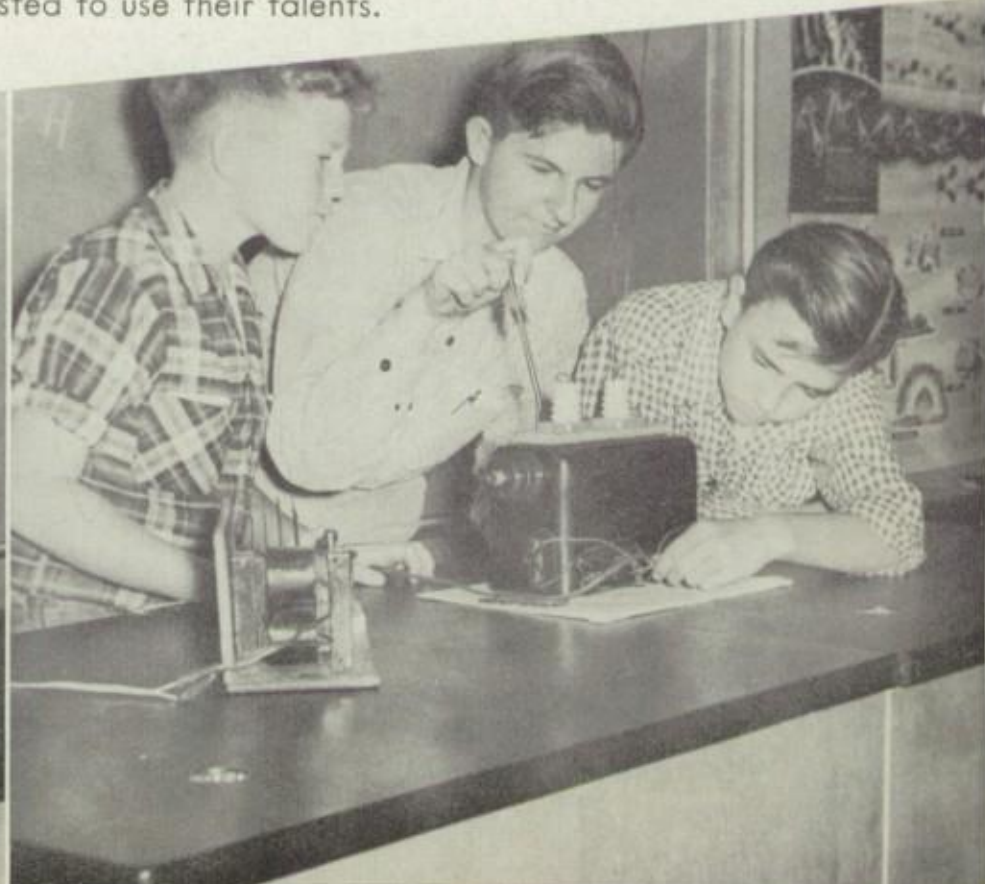

The Engineering Club was organized to further the knowledge and interest in engineering. During the year the club has seen several films on engineering, and attended some lectures at Cal-Tech. Completing the year's activities the club visited the Pasadena Power and Light Company, where generators, furnaces, and cooling towers were explained. The members also went to Van de Kamps Bakery, where they studied mass-production methods and machinery used in the production of bakery goods.

Science Club

OFFICERS:

Jerry Woods, President
Terry Mills, Vice-President
David Nissen, Secretary
Fred Unger, Treasurer

Liquid air? Tesla coil? Oscilloscope? These have been used in experiments during Science Club meetings. When not experimenting, the junior scientists view demonstration reports and scientific movies. Club members have been attending Cal-Tech lectures and visited the new chemistry laboratories at UCLA. One project has been the construction of exhibits for the Science Fair at the Los Angeles County Museum. The purpose of the Science Club is to promote interest in science and to provide an opportunity for those students who are interested to use their talents.

French Club

The purpose of the French Club is to stimulate in French students an interest in the culture, life, literature, and customs of France. In accomplishing this objective they have seen movies, a French play, made reports, and have written to students in France. Early in the year the club held a French dinner, which aroused Apache curiosity, because heading the menu were snails.

OFFICERS:

President, Bob King
Secretary, Cappy Frolich
Vice-President, Bob Good
Treasurer, Pat Dolan

The Sodales

The Sodales are seventeen Latin students who are interested in furthering their knowledge of Roman life and customs. At their Monday afternoon meetings they present oral reports and hold discussions of the lives of famous Romans, mythology, and Roman food, customs, and dress. A Roman banquet was planned as a bit of educational diversion to be held during the second semester.

OFFICERS:

Linda Schoonmaker, Marilyn Bailey, President
Larry Billman, Charles Hicks, Vice-President
Pat Keller, Elizabeth Kohl, Secretary

Creative Writing

OFFICERS:

Cindy Edson, President
Martha Sutcliff, Vice-President
Donna Husband, Sec'y, Treasurer

A new organization on campus, the Creative Writing Club, has had difficulty in getting started. Their Friday afternoon meetings have had much publicity and very interesting programs. Several meetings have featured faculty members, who spoke on phases of creative writing. The Creative Writing members have been encouraged to enter writing contests and submit their works to student magazines. The Apaches should keep an eye on this club, for it is growing rapidly.

Forensics Club

OFFICERS:

Mary Mann, President
Linda Wheeler, Sec'y-Treasurer
Harold Griffin, Vice-President
Steve Tallent, Parliamentarian

These Apache braves and maidens have entered many inter-scholastic speech contests and often returned with awards. One of the special events of the year was a three day tournament at the University, which was highlighted by a formal dinner-dance. Membership is earned by participation in speech events until one has earned the 20 points necessary.

Scholarship Club

The primary objective of the A.H.S. Scholarship Club during the year was to become established as an official chapter of the California Scholarship Federation. This was finally accomplished in March. Thirty-seven studious Apaches have attained a prescribed grade level and become members. A field trip was taken to the L. A. Museum, and a Chinatown dinner was enjoyed afterwards. A Scholarship Conference was held at P.C.C. and many of our members attended.

G A A

The Girls' Athletic Association has really been popping. Their year was studded with activities. Early in September a swimming party was held at Leora Gregg's and since then there have been hikes, conferences, tournaments, playdays, and a game of baseball against the members of the faculty. The G A A membership consists of athletic-minded girls who spend one or more nights per week in physical education.

Trouveres

The Trouveres are the AHS music club, the purposes of which are to promote fun in music, assist the music departments, and to aid the school when music is concerned. The Trouveres sponsored the first costume ball at AHS, which was the "Come as a Song" dance. The week of Easter vacation was used for a beach party at Capistrano for the Trouveres, which was thoroughly enjoyed by all present.

Girls' League

The Girls' League is an organization established to promote the welfare of the school. Under the difficult conditions found in a new high school, the Girls' League has done especially well in giving several dances, a mother-daughter tea, and in lending a hand in planning the Arizona, Nevada, and Southern California Girls' League Conference.

Dyer off to the races on a reverse against Fontana as the Apaches score an impressive 38-7 victory.

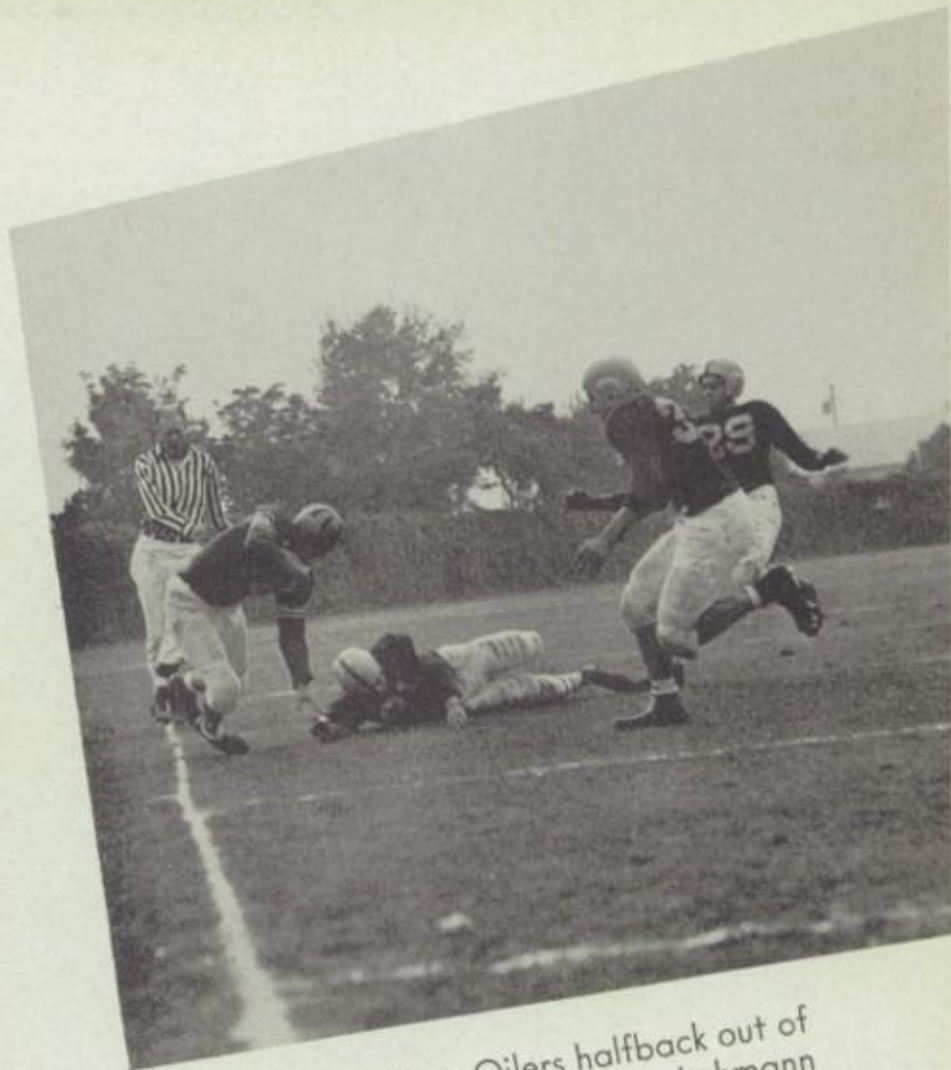

Dyer and Eldredge haul down Montebello's Don Juan after a thirty yard gain.

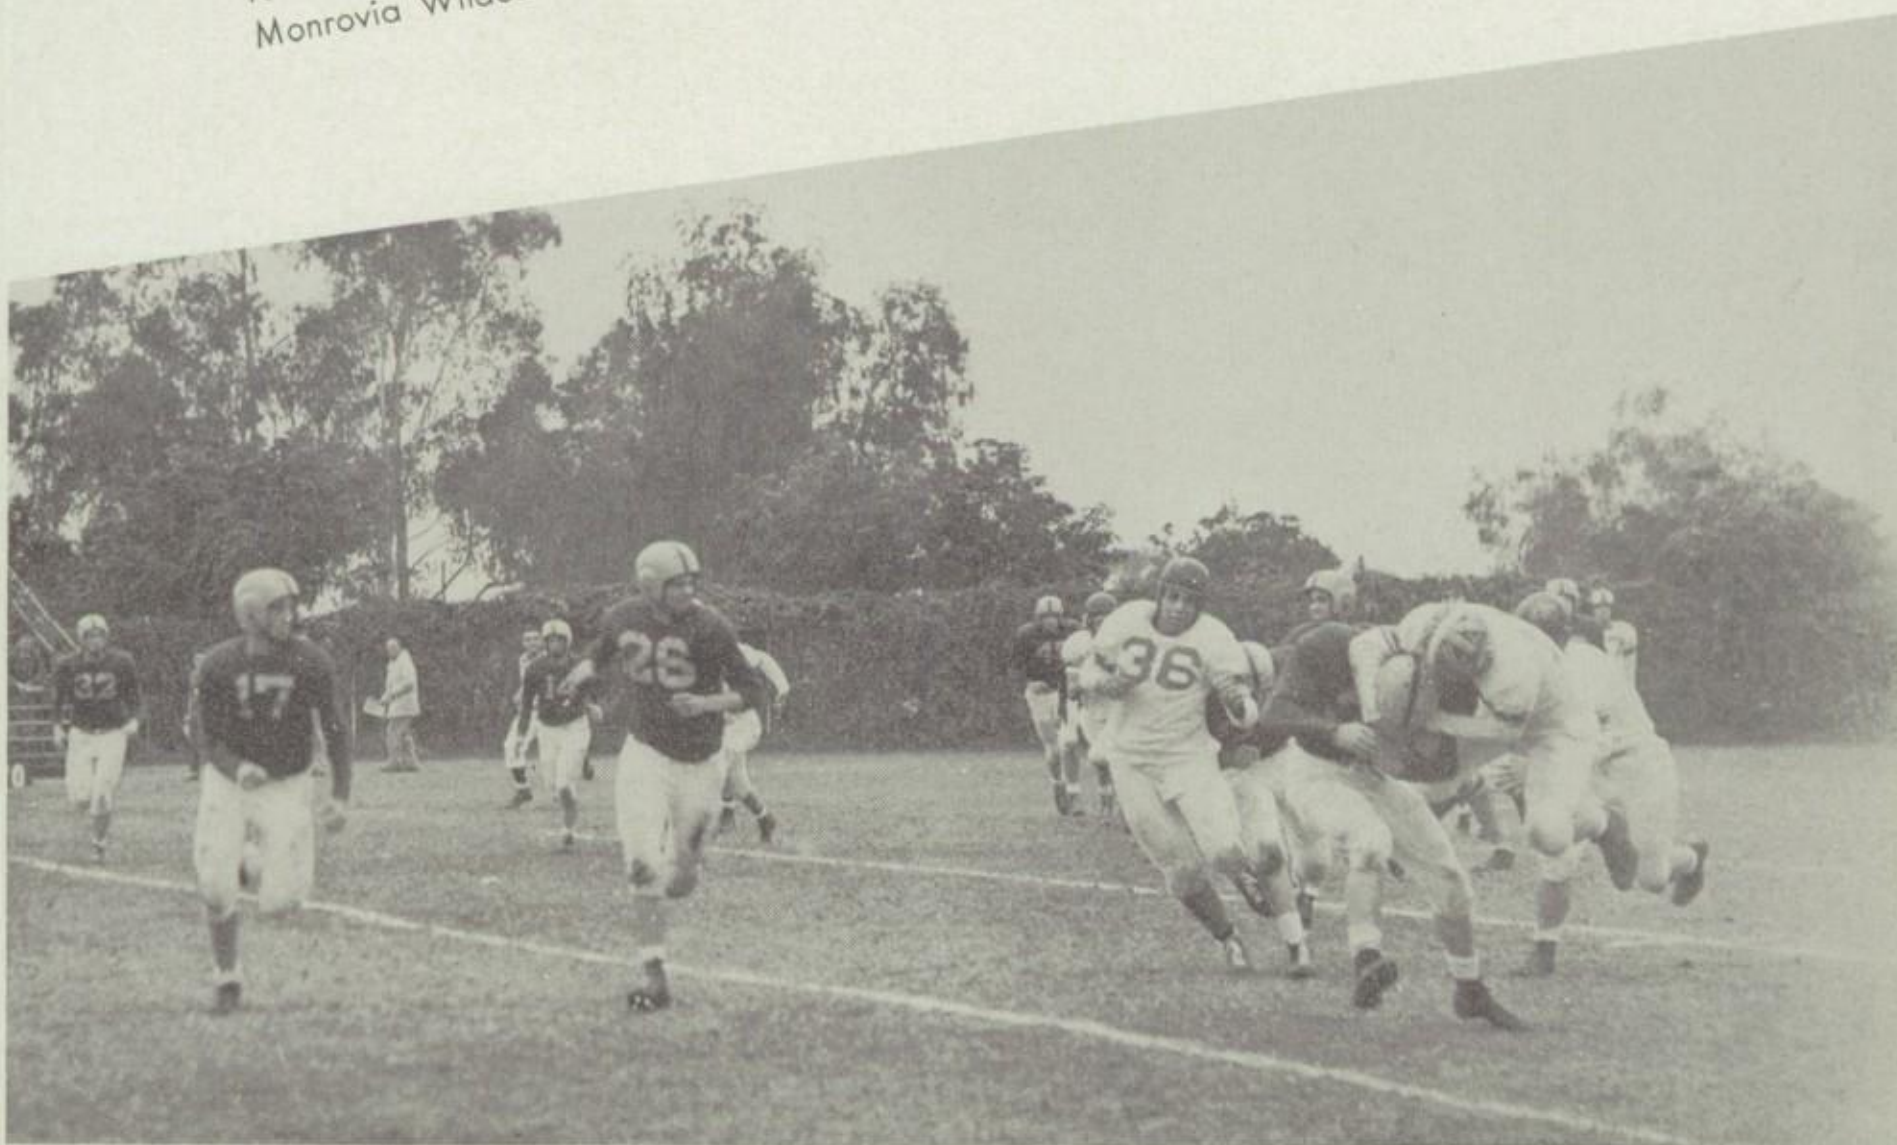

Dick Breeden stops an unidentified Montebello man as the Arcadians go down to their first defeat, 19-0, after two successful starts.

Under the watchful eye of Coach Cecil Cushman, Jr., nineteen returning lettermen and ten novices pulled our first heavyweight team through a fairly successful season. Assisted by John Hoffman, Cushman brought the Apaches to a 3-4 record. The Jayvees opened the season with a smashing victory over the Fontana Steelers, by a score of 38-7. The following week, the gridders squeezed by the same team, 6-0. The Apaches tasted defeat for the first time, getting dumped by a sharp Montebello outfit, 19-0. Stretching their losing streak by dropping a hard fought tiff to Mark Keppel, 20-9, the Apaches showed much improvement. Under the lights at Monrovia field, the Jayvees continued to lose by dropping a 20-0 decision to the Alhambra Moors. The big upset of the year came when the Apaches downed the Whittier Cards, 19-7, a team that had never been beaten in preseason of Pacific League play. Arcadia's big game of the year saw the first cross-town rivalry with M.D., turned out to be the fourth loss of the season for the Apaches as the Monrovia Wildcats ran wild to the tune of 33-7.

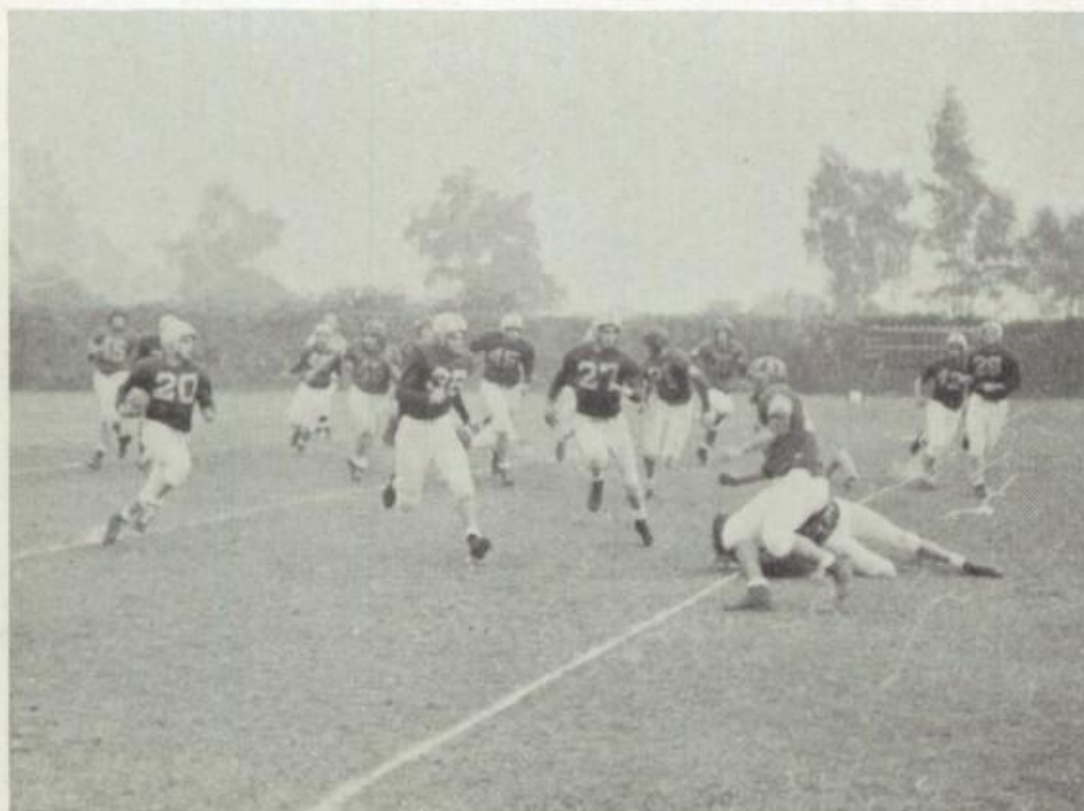

Lamb drives Oilers halfback out of bounds as Bose and Lehmann come in for an assist.

Sparling is necktied after a short gain of three yards as the Cardinal and Gold scores the biggest upset of the season, rolling over the previously undefeated Whittier Cards.

Under the lights at Monrovia field the Apaches tasted defeat for the third consecutive game as Tatum is snagged by a Moor defensive back.

 Fifth Row: Coach Putman, Quiggle (Mgr.), Randle (Mgr.), Jenkins (Mgr.), DeBenedet, Allison, Smith, Hunt.

Mentored by Tom Putman and Tom Stevens, the Apaches Bee Reserves turned in an unsuccessful season with one win against four losses on their slate. After opening the year with a scrimmage against Glendale Hoover, in which they came out on the short end of a 44-0. Due to a mix-up in the schedule, these two teams used first string squads against our reserves. Because of a lack of experienced players we were forced to field a reserve team. As our boys were gaining experience they were improving as they went on to hold El Monte to 19 points, while failing themselves to cross the goal. Having more confidence they bounced back to take the Whittier squad 13-7, as Pete Strauss scored the first touchdown for the reserves. The gridders then lost to Mark Kepple 32-7. The Bee's lost their last game of the season to a superior Alhambra squad 40-0. A highlight of the season was the intersquad game in which Tom Putman's Bruins knocked over Tom Stevens' Trojans 32-7.

Cees

After getting off to a bang-up start, the Apache Cees let down in mid-season to win 4 tiffs while losing 3 and tying 1. The Cees, after dropping Rosemead 30-12 in a scrimmage, blasted an 18-man Bonita squad 35-0 in a lopsided night tiff. The next week the lightweights let fly and leveled Fontana 47-19. After pounding Citrus 27-14, the Apaches got their taste of league competition as they squeaked by El Monte 20-0 in their worst game of the season. Then the Cees were handed their first defeat as a bigger and more experienced Keppel squad took them 26-14. The Aztec loss must have done something to the boys as they kept sliding down hill for the rest of the season. In their second game under the lights, the lightweights lost to an aggressive Alhambra team which previously had not won a game. Highlight of the tilt was a 90-yard run for a TD by Craig Shoemaker. The final score was 34-14. The next week, the Apaches were blasted 28-6 by undefeated Whittier. Then the boys seemed to catch fire again as they played the best game of the season to deadlock Monrovia 0-0 in the first game of what promises to be one of the greatest grid rivalries in Southern California. At the close of the season which Coach Wardell called "fairly successful" the Apaches were tied with El Monte for fourth place in the Pacific League standings.

Second Row: R. Hargett (Mgr.), B. Ballard (Mgr.), E. Rowland, A. Graves, P. Dyer, D. Prior, R. Starkenburg, Coach Wardell.

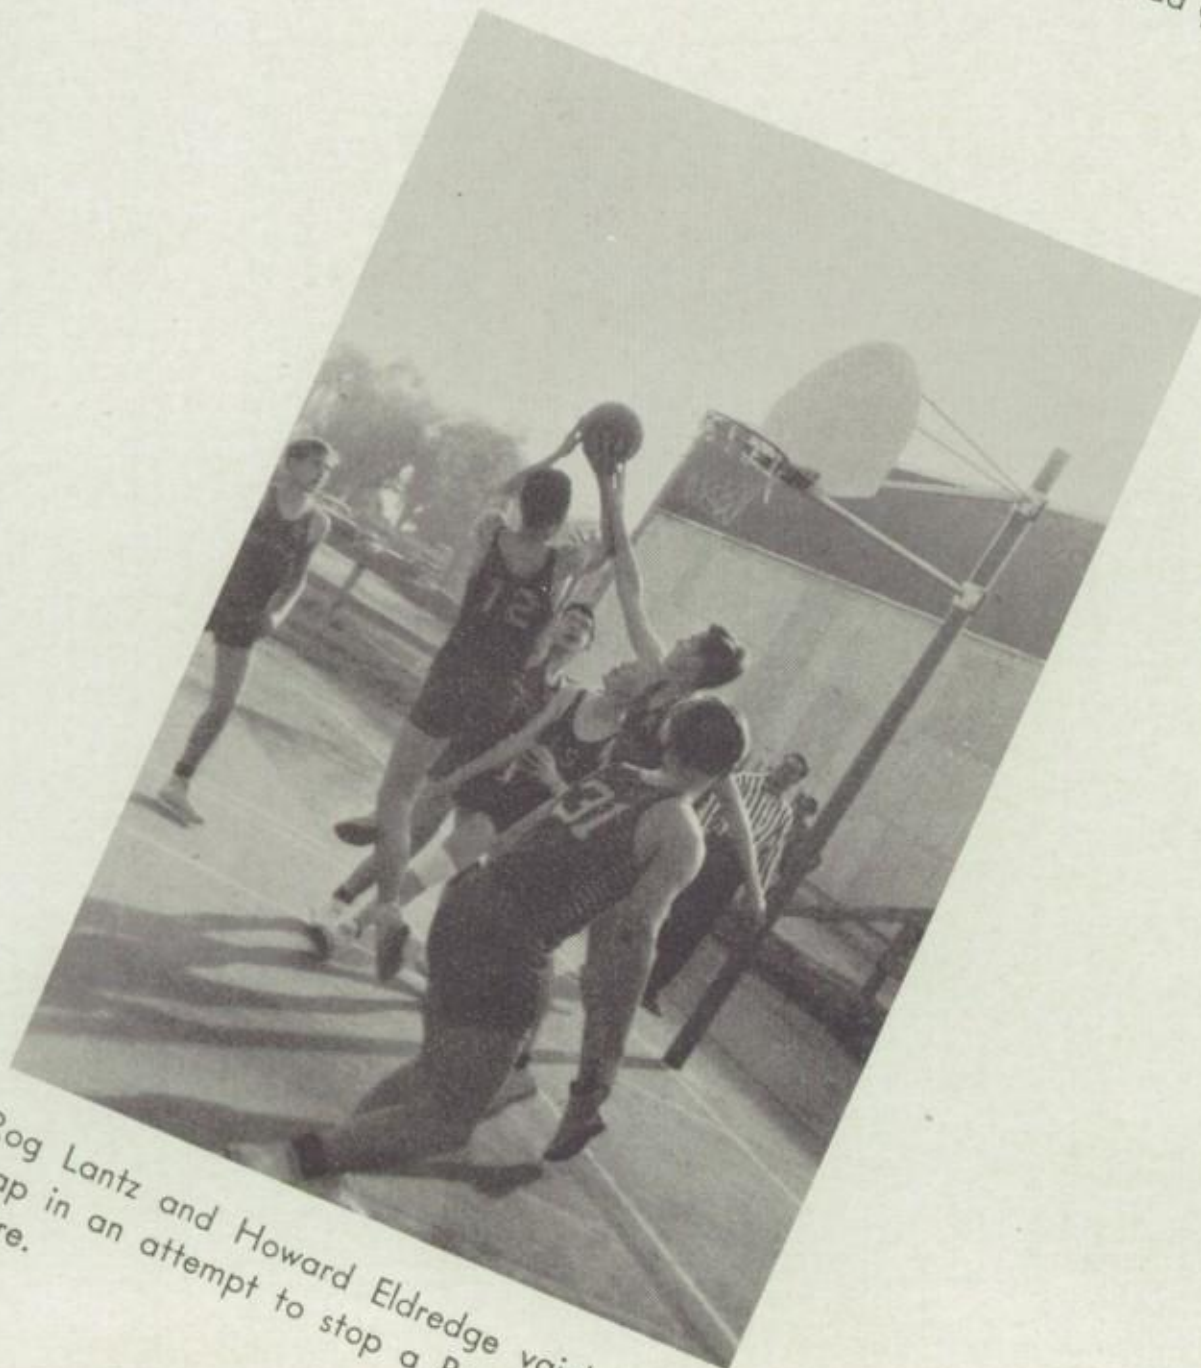

The Arcadia Jayvee's turned in a good season with a five win six loss average. Highpoint man and captain of the J.V.'s was Roger Lantz who was elected to the honor after scoring 116 points in 11 games. Second best was Howard Eldredge with 104 points. The Arcadia Apaches scored 423 points during the season to their opponents 440 points, a difference of 17 points. Two men scored half of the total points, these being Roger Lantz and Howard Eldredge whose scores totaled 220 for the season.

Altogether Arcadia played Rosemead three times with the Apaches losing all three games. One 36-26, the next 59-29, and the last game 31-23. Howard Eldredge, Roger Lantz, and Alan Graves were high scorers in the respective games.

Rog Lantz and Howard Eldredge vainly leap in an attempt to stop a Rosemead score.

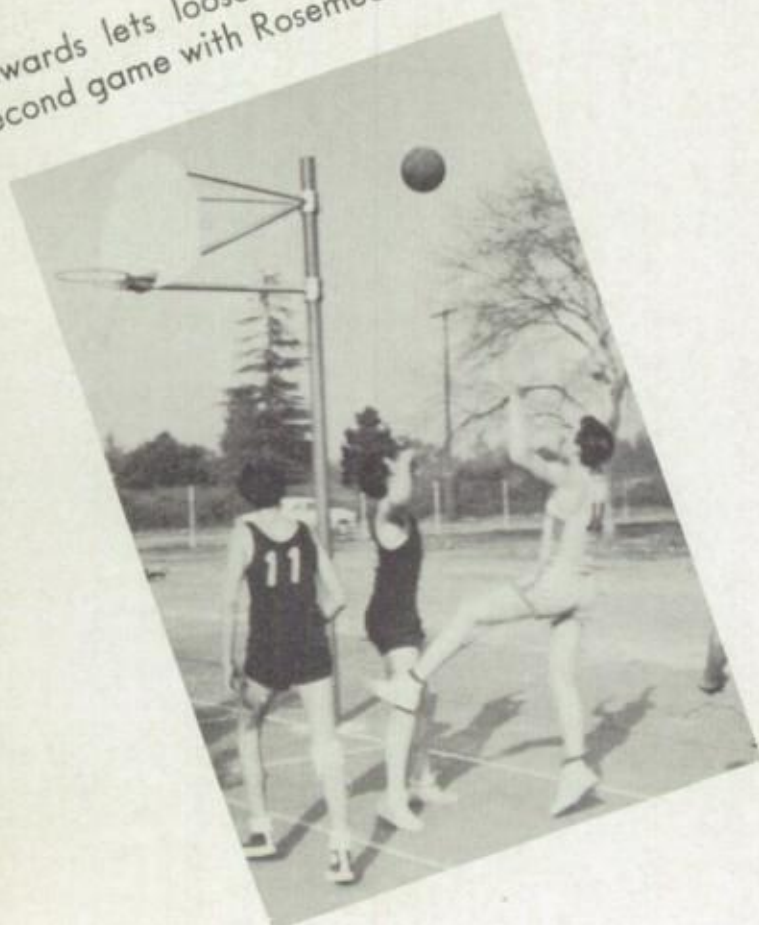

The J.V.'s played two contests with Alhambra. Winning the first game 62-51. Roger Lantz was high pointer with 25. The second games highest scorer was Eddie Rowland when he scored eleven points of our 47-44 win over Alhambra.

Monrovia's J.V.'s took two games from the Apaches with a close 33-31 win in the first game and an enlarged lead in the second 47-36. Marlin Johnson being high point man in the first game and Alan Graves in the second.

The first three games the Apaches played were with varsity teams but after they got into their own class they won the majority of their Junior Varsity games. Roger Lantz was high point man in four games with a total of 70 points. Mr. Wardel deserves a lot of credit for turning out an excellent ball club.

Bees

Edwards lets loose set shot as Bees lose second game with Rosemead.

Coach Tom Putman's "Bee" Basketball squad playing as "Bee" reserves as they did in football, were an outfit whose progress showed steady improvement although their record failed to show it. While winning only two games against Alhambra and San Marino respectively and losing a couple of other heartbreakers by two points, one of them to Monrovia, they could never seem to get that scoring punch. Some of the standouts of the season were Doyne Edwards who was elected by his teammates as team captain for the year, Les Feldman, the teams highest scorer, Mike Cory, and Nick Salas.

BEE BASKETBALL: First Row: R. Powell, N. Salas, F. Pasqueralla, R. Hunt, T. Thomas, D. Kelly.

Third Row: J. Blake (Mgr.), D. Herbelin, T. Hicks, E. Horacek, A. Atkinson, M. Stevens, L. Pakulski, R. Hunter, Coach Jackson.

The Apache Cee Basketballers fared worse than their football team. In their first season of Pacific League competition, Coach Cecil Cushman Jr.'s hoopsters racked up a record of two wins and eleven losses. Perhaps the most exciting games of the season were the tilts with Alhambra's Moors. In the first meeting, Arcadia showed a weak first half but came back to take the lead in the second. Only in the last ten seconds Alhambra finally rallied to take the ball game 26-24. The second tiff, a fast-moving game, was taken by the Apaches 26-25. Gary Gillette, who was promoted from the Dees and later became the Cee's high point man, was elected team captain. The Dees, coached by Mr. Jackson, also wound up with two wins and eleven losses. Both wins were taken at the hands of El Rancho 18-15 and 19-16. Mel Bauer, Dee high point man was elected captain of the team.

COACH JOHN BILBREY

Baseball

With the addition of John Bilbrey, ex Monrovia varsity coach, the Apache horsehiders seemed to take on new life as compared to last season. The diamondmen, who started the season with three consecutive losses, finally broke into the win bracket with the reserve team whipping the Citrus freshman squad, 12-9 and 17-1.

A well-rounded infield consisted of Bob Bailey behind the plate, Gene Park on the initial bag, Dick Breeden on second, David Schaeffer at shortstop, and Leonard Bose covering the hot corner. Rog Lantz, who was a standout in basketball, was a top-flight pitcher, along with Bill Cummings and Leo Shotton. Also on the pitching staff were Steve Sencor and Bob Randall. In the outfield were Mickey Noble, a new-comer to Arcadia, Richard Whitehead, Steve Tallent, Buster Northrup, Milt Pettit, Don Schmidt, and Bill Schoenhals. The remainder of the roster include David Hylton, Neal Randle, David Manookian, Tom Johnston, and Jack Gruben, who was put out of action early in the season with a broken arm.

At the time the annual went to press, the team had a two win, six loss record with a full schedule of Pacific League play lying ahead.

Track

Showing steady improvement, all three track teams had a very successful season. Records fell and new marks were set as the season progressed. Under the instruction of Tom Putman and Bob Jackson, the Varsity team, at the time the annual went to press, had a no-win, three loss record while the Bees had three wins and no losses, and the Cees had four victories and four defeats. Highlight of the year for Jackson's Cees, who participated in the Pacific League, was the 46-31 victory over Keppel. It was the first time an Arcadia team had won a Pacific League meet.

Another highlight for the Apaches was the visit of decathlon champ, Floyd Simmons to the "Reservation". Simmons, who took second in the '48 Olympics and third in '52, demonstrated several of the decathlon events including the high jump, shot put, high hurdles, and javelin. As a token of their appreciation the boys presented him with a trophy at the end of his stay. He said that he had never received a trophy like that, even in the Olympic Games.

All three Arcadia teams also participated in the Pasadena Games. Later on in the season, the Varsity and Bees went to the Chaffey Novice Meet while the Cees took in the El Monte Relays.

A total of twelve records were broken with very few old marks left standing. Paul Dyer broke the 880 mark with 2:05.4 for the two laps — a mark which he has never come close to since. In the Varsity high jump Alan Graves cleared 5 ft. 3 in. For the Bees, Rod Hilgers went over the 120 low hurdles in 14.8 and cleared 5.6 ft. in the high jump for new records. Jim Tatum ran the 100 yd. in 10.8, while Harold Sparling put the 10 lb. shot 43.2 ft. Marlin Johnson broke his own pole vault record twice this year, first clearing 10 ft. and then 10 ft. 3 1/2 in. The relay team of Nye, Kelsey, Sparling, and Tatum also cracked their mark twice, their fastest was 1:10.9.

For the Cees, Craig Shoemaker sprinted to a 10.7 record in the 100 yd. breaking his old record of 10.9. He also broke his own broad jump record with a leap of 20.4 ft. Nick Salas broke Bob Nye's old hurdle mark taking the barriers in 14.7. Kenny Angel cleared 5'3" to break Howard Eldredge's old mark of 5'2". In a terrific photo finish, Dwight Cocke, who has never been beaten in dual meet competition, edged out Alhambra in the 660 and shattered Harold Sparling's record by a full second.

Cee Track: Top Row: Vic Cuccia, Kenny Angel, Terry Smith, Clint Harwick, Gary Gillette, Dan Nottoli, Don Herbelin, Dick Simpson; Second Row: Bob Allan, Jim Lawson, Gene Silva, Robert Beauchemin, Mike Uhl, Jim Solheim, Marshall Stevens, Gary Walton; Third Row: Wayne Gower, Bob Garman, Leo Moran, Warren Forrest, Loren Brodhead, Jack Carlton, Bob Rollins, Art Stevens, Paul Rippens, Mike Kambeitz, Art Atkinson, Johnny Moore, Dan Williams; Fourth Row: Ron Kronquist, Dwight Cocke, Nick Salas, Dick Gear, Don Wesser, Tim Trahan, Craig Shoemaker, Bob McFertridge.

Marlin Johnson barely clears 10' 3 1/2" to break a record.

Golf

In the first year of golf at Arcadia High, the Apache linksters fared well, considering the fact that the schedule was almost entirely against varsity competition. Number one man most of the year was Roger Clarkson. Other top tee-men included Bill Roether, Bob Griffiths, Paul Bliss, Chuck Berghofer, and Bob Schack. Each week during the season a top golfer was determined by the lowest 9-hole score. Six boys represented the Indians in every match. At the time the annual went to press, the team score stood at four wins, eleven losses.

Golf Team: First Row: Paul Bliss, Bob Gardner, Bob Schack, Bill Schuchholz, Dale Lauderdale.

Second Row: Coach Cecil Cushman Jr., Roger Clarkson, Bob Griffiths, Bill Roether, Chuck Berghofer.

Girls Sports

The girls' physical education has been mostly a recreational program this year, featuring light sports. Until the completion of the dressing rooms, the girls played deck tennis, volley ball, croquet, horse shoes, archery, and table games such as "20 to 2" and "Chinese Checkers". Occasionally, the Apache maidens took over the trampoline, which added variety and amusement to phys. ed. classes. A volley ball tournament was arranged and winning teams from each class competed.

After the physical education buildings were ready for use, the girls started soft ball and basketball, which they played alternately for the remainder of the year. Next year the regular phys. ed. program will start, with speedball, hockey, and other team sports.

The trampoline — a favorite with the girls.

Activities

Apache Band

Under the direction of Frank Largent, the Arcadia Apache Band worked in patterned precision to spur cheering fans on with numerous pep-rallies, football games, and parades.

The 75 piece band has done AHS proud with the number of high ratings they have received during the year. At the Huntington Beach Band Review they were awarded a first place trophy for their division, plus a sweepstakes award. The band participated in the Temple City Camellia Festival, Maytime Band Review, and Monrovia and Arcadia spring celebrations.

The concert band has also been doing well. At music festivals at Monrovia and Fullerton they received top-ratings and have played for public groups on several occasions.

The line of trophies which were kept in the music room window during the year give the Apaches an accurate idea of what our band has been doing.

Band Members: Sonja Baxter, Chuck Berghofer, Jim Collier, Elaine Dysart, Gynelle Dysart, Mack Easterbrook, Albert Eaton, Cappy Frohlich, Betty Furgerson, Trudy Gerry, Paul Gillespie, Robert Good, Dick Jenkins, Karen Jensen, Mike Kambeitz, Rochelle Kaplan, Dale Lauderdale, Glenn Lilly, Bob Lindbloom, Marianna Maier, Scott McMillan, Russell Newell, Linus Pakulski, Allan Pingle, Ellen Pingle, Pat Pratt, Sally Price, Bob Randall, Neal Randle, Eleanor Reeve, Dick Reimers, Roger Rutherford, Dan Santo, Bill Schuchholz, Stephan Sencer, Roger Smith, Bruce Thomson, Don Verhoef, Mike Whitley.

Vocal Music

The two glee clubs are fundamentally training groups for good choral singing. Glee club is the pre-requisite of A Capella choir, which is for students who are excellent in the field. This year the glee clubs have performed in public several times, but most of their efforts are spent in practice. Both the members of the Boys' Glee and the Girls' Glee seem to agree that it is a most enjoyable elective.

The Mixed Chorus of Arcadia High School had a busy first year. Singing under the direction of Mr. James Neumeister, the chorus had numerous engagements. Some of the organizations they sang for were the Lions' Club, Kiwanis Club, Royal Knights of the Round Table, P.T.A., and the American Legion. They also gave a series of assemblies during the month of April. Margaret Roberts, Eleanor Rockwood and Carole Lorimer were soloists for the chorus, with Carol Jensen acting as accompanist.

Orchestra

Functioning primarily as a string orchestra, in order to furnish the band with enough wind instruments, the AHS orchestra has had a successful year. Two of the many activities in which the orchestra participated were the spring music festivals, held at Fullerton and Monrovia, at which the AHS soloists received top ratings. The M.D. orchestra invited ours to an assembly when the M.D. orchestra played. Many orchestra members are exceptionally good soloists and have provided musical entertainment for other organizations. The orchestra as a group was on P.T.A. programs, at the Music Club Dinner, and made an appearance at the Arcadia Schools Spring Concert.

The Apache drama department kept busy this year, despite the fact that it has comparatively little to work with. The first semester was spent learning the history of the theater, types of plays, stage techniques, and acquiring a backlog of plays. These were produced in the Little Theater during the second semester, for the entertainment of the student body.

"High Pressure Area", a one-act play dealing with a teen age and parent problem, was produced for the Founder's Day P.T.A. program, and was given again upon request for the Co-ordinating Council. The cast included Sally Jones, Roger Spaulding, Gynelle Dysart, Roxanne Hubbing, and was directed by Eileen Hamilton. "Ins and Outs", another play concerning teen-age problems, was presented for the fifth and sixth period classes, and later for an adult group. The cast included Barbara Scott, Vicki Maddis, Mike Curry, Bob Miles, Mike Casey, and was directed by Nancy Pehrson. As the years come, the drama department will have more opportunities to present their work before the school, but we feel that they have done a very good job this year.

Drama

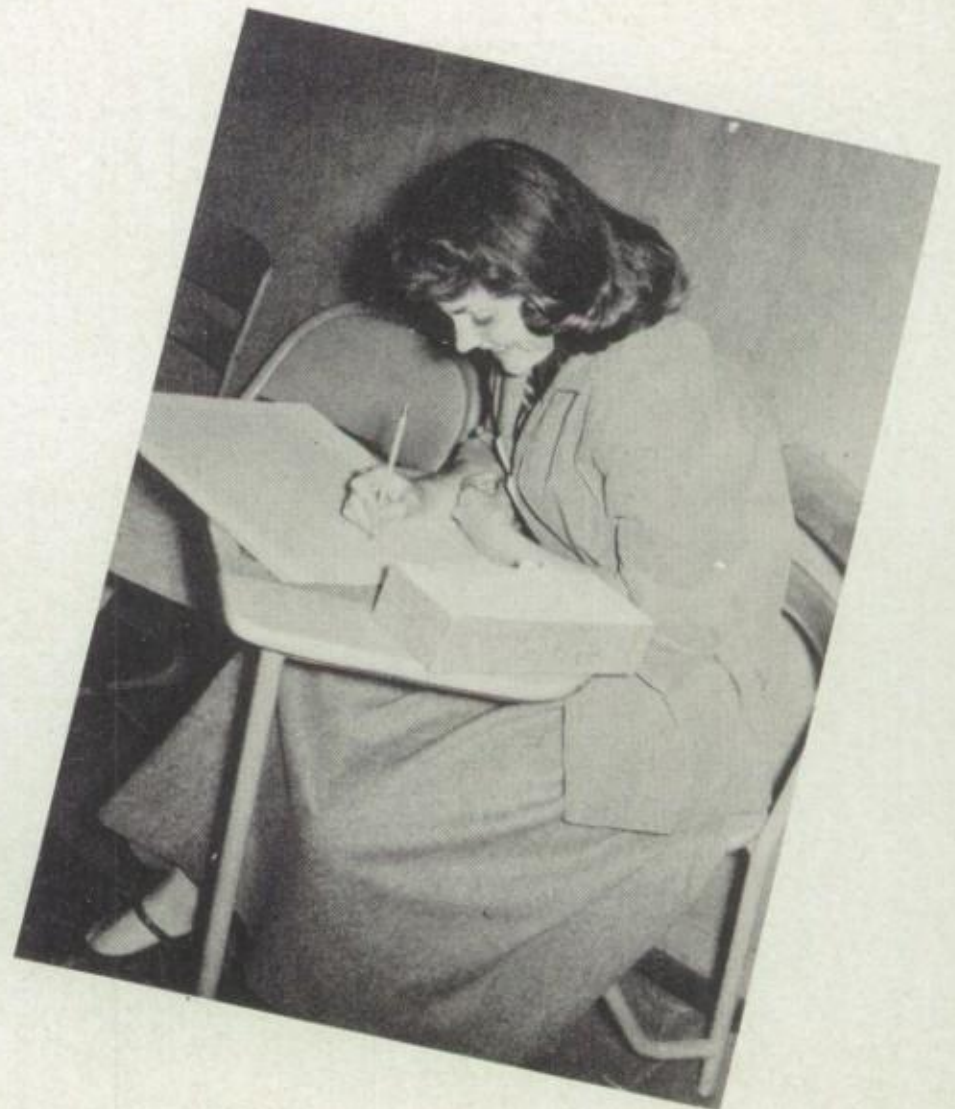

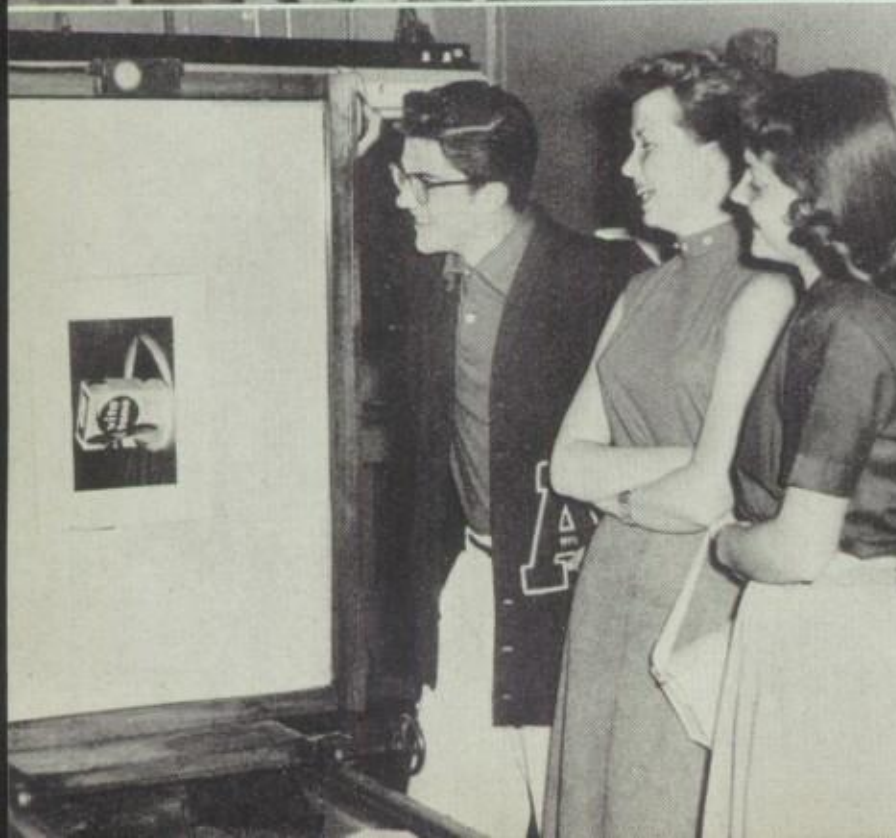

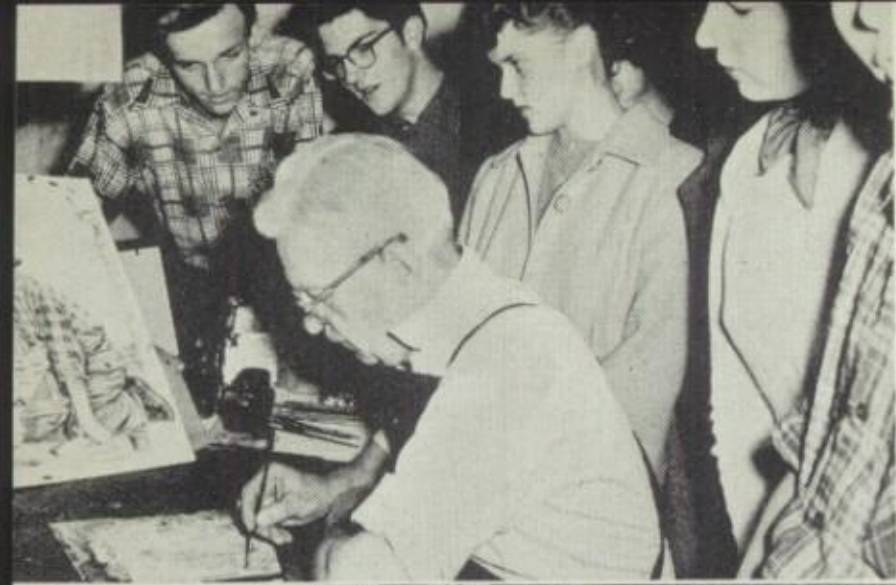

'53 *Arcadian*

The ten members of Mr. Waterhouse's fifth period journalism class comprise the staff of the '53 ARCADIAN. Starting early in the year to plan the book, they have been working steadily ever since. Producing a school yearbook demands the time and co-operation of many people. Besides those who worked on the staff, we wish to thank Carol Knutsen for her cartoon work. Karen Jensen for her original cover design, and several members of Journalism I for their assistance.

The general procedure used in assembling the '53 ARCADIAN was this: First the book was discussed, and the number of pages, type of cover, paper, and printing decided upon. The imaginary book was then divided into sections, with an allotment of pages to each section. Judy Schrieber, art editor, planned the layout for each page, with the approval and suggestions of the staff. Next, the copy and photographs had to be assembled and sorted. The photographers had special printing and enlarging tasks to do, and did them well. Dick Breeden and Zeke Schoenhals spent hours on the sports section, after we finally persuaded Dick to stop asking for more sports pages. Meanwhile, the town was being canvassed for advertisements to support the book financially. The ad crew found this difficult, but fun. The copy was sent to be printed and came back in sheets. We cut this out and pasted it and the pictures to page-sized cardboards, which were sent to the lithographers to be photographed — mistakes and all!

We enjoyed producing the '53 ARCADIAN for the student body, and hope that you will receive it with enthusiasm equal to ours.

Apache Pow Wow

The first volume of the Apache POW WOW was produced this year as a biweekly newspaper. Working under the difficulties involved in organizing and publishing a paper for the first time, Darian Lester, editor, and the staff have made the tabloid-sized double sheet a credit to AHS. The POW WOW compares very favorably with newspapers of other new high schools.

The journalism room has been busy 'til late afternoon on most of the school nights. There are always assignments to be made and covered, layouts planned, features written, headlines composed, and photographs to be taken. The journalism I class has been helping — mostly in the capacity of cub-reporters. As the school does not have printing facilities, the POW WOW is printed commercially. Using student body funds to finance it, no advertisers were accepted this year.

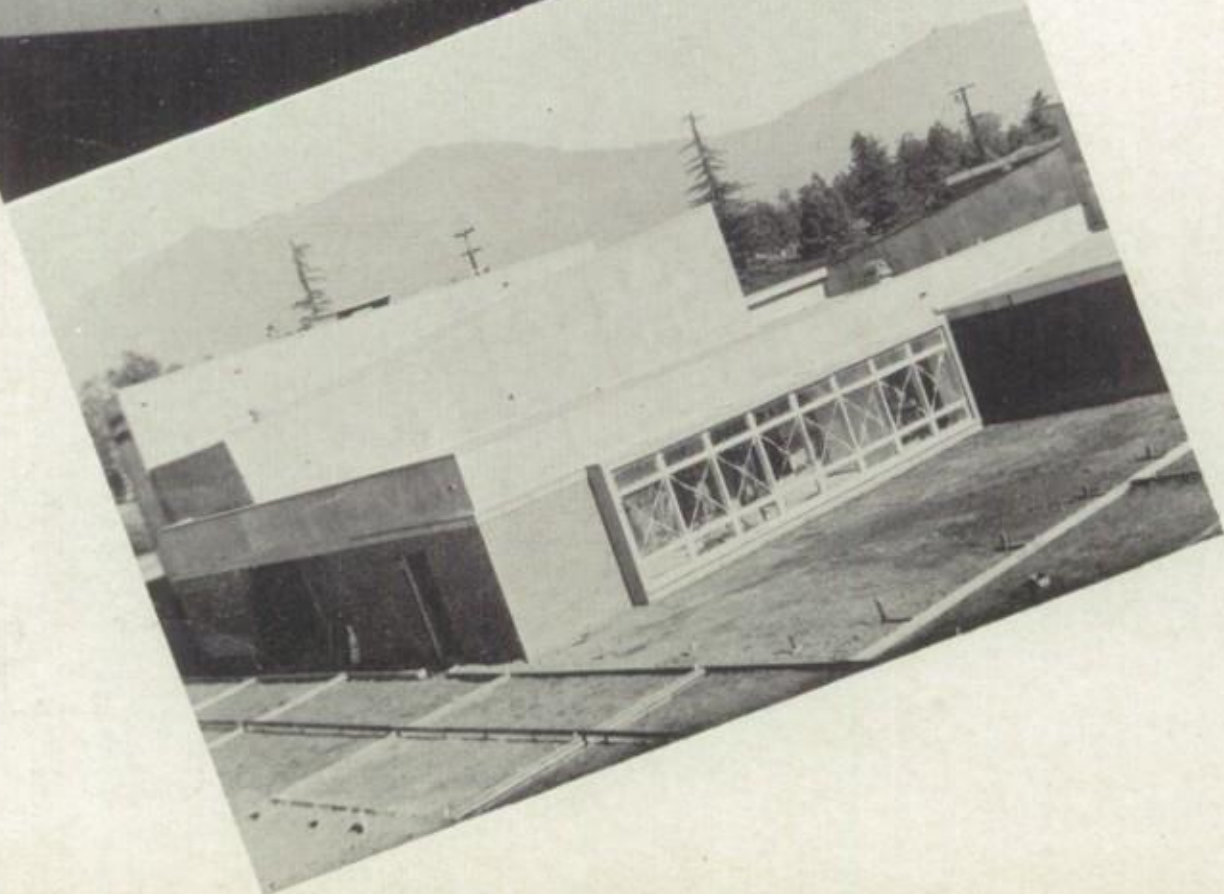

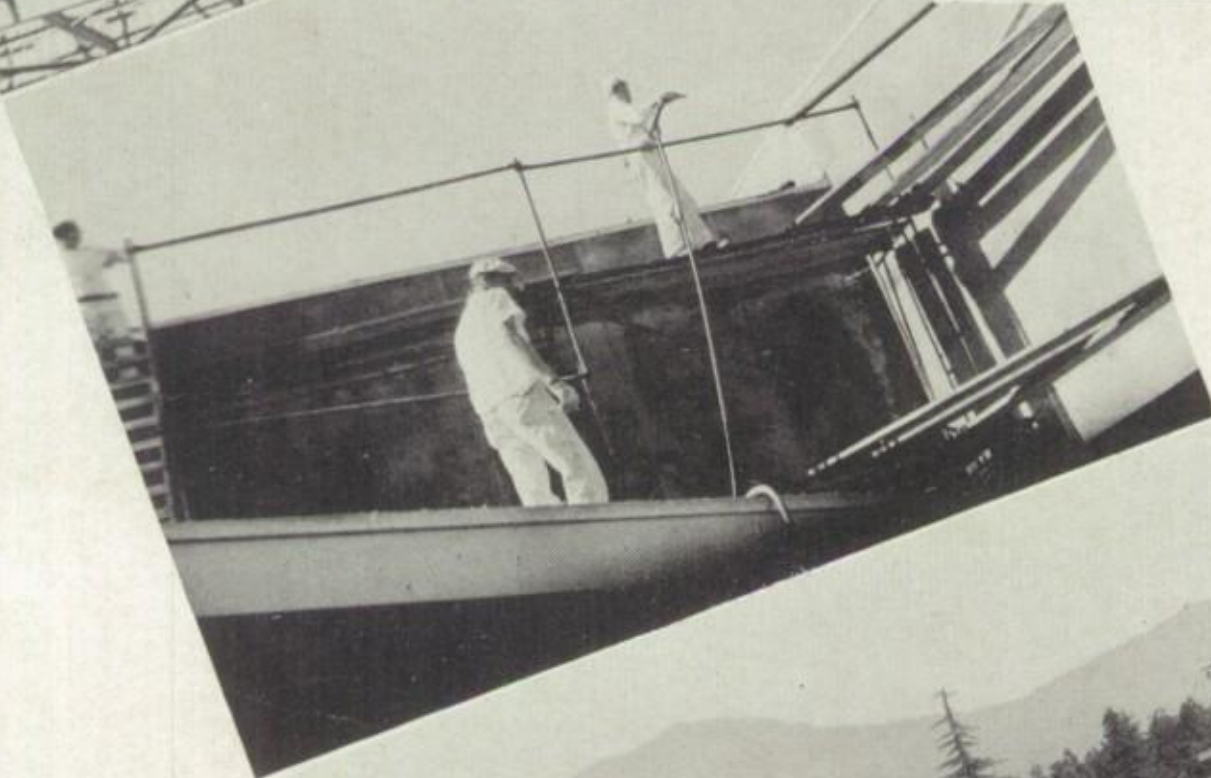

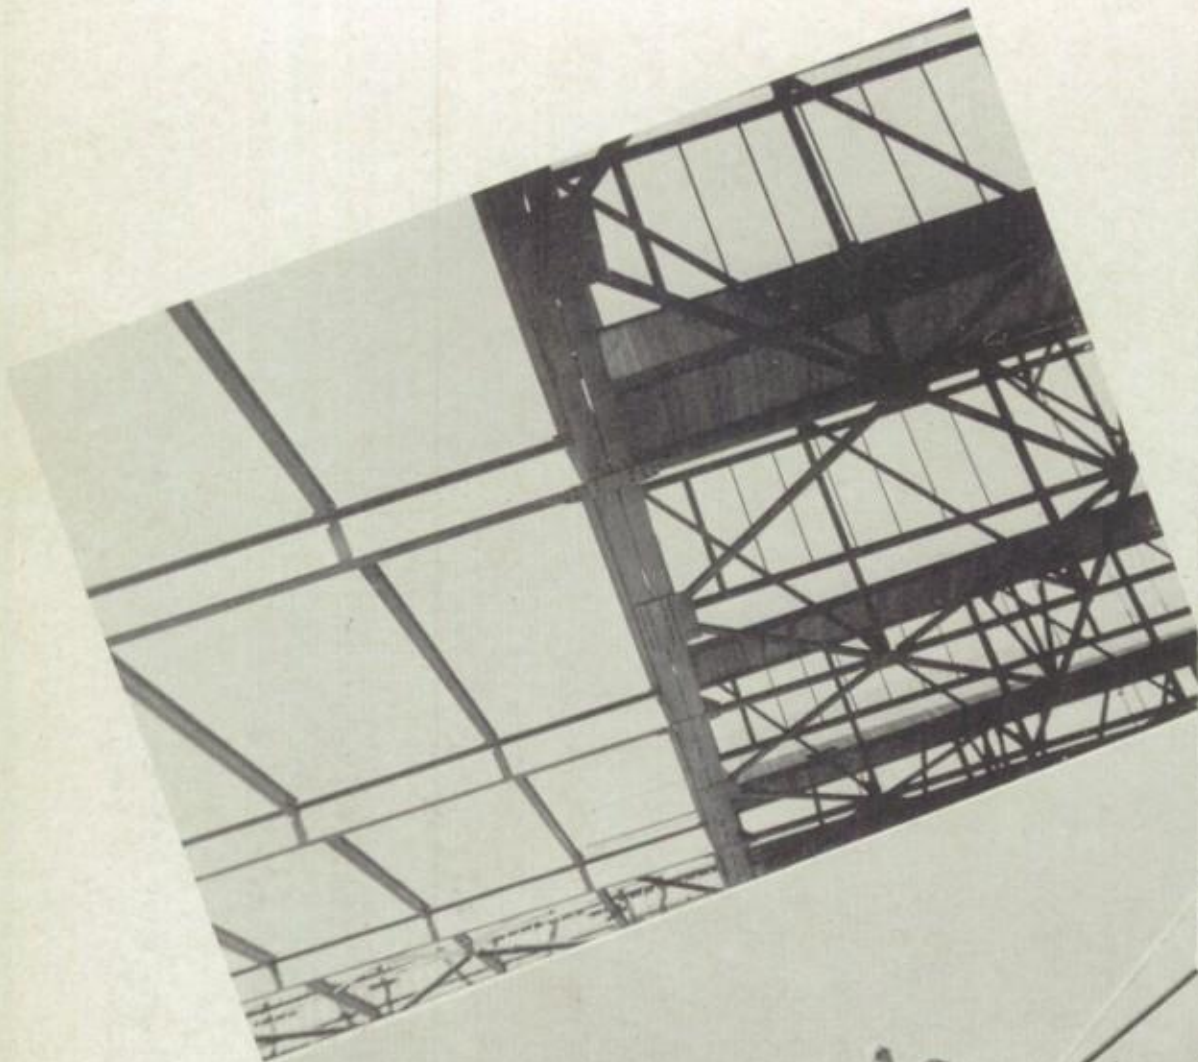

Many an Apache waits in line on "paper days" for the school paper. They use it to express their views through letters to the editor, to gain information about past and future events, and to keep hep with the latest gossip. The POW WOW has done exceedingly well this first year, and we hope its success continues to grow.

Progress

Starting with the official ground breaking in November, 1951, AHS had classrooms ready in September, 1952 for 750 freshmen and Sophomores. As the school year progressed, the snack bar, cafeteria, little theater, shop, gym, and administration offices were completed and put into use. Until the middle of the year the music departments trekked across El Monte Avenue and over a playground to a house, where their classes and activities were held.

The girls' and boys' physical education classes each had half a garage, in contrast to the large, modern physical education buildings used later in the year. Classes studied to the accompaniment of bulldozers and power saws. The Apaches will have to bear with the various inconveniences until the buildings are completed, but when they are, AHS will have one of the finest campuses in Southern California.
